FMA efforts complete new playground

The children at Fort George G. Meade can now enjoy another playground on the installation thanks to the Fort Meade Alliance community. A new playground - situated next to the new Soldier and Family Assistance Center - was completed in December. The remaining funds from the campaign to raise money to outfit the SFAC were used to build the playground. In addition, three companies donated time and materials to help make it a complete success. A special thank you to P. Flanigan & Sons, Inc., Potts & Callahan, Inc. and Zeager Bros.
