

# Certification: ASTM F2075

## Consistency:

3/4 screen :  
99 to 100%

3/8 screen :  
75 to 100%

#16 screen :  
0 - 15%

# Certification: ASTM F2075

Consistency is  
important:!

← Too Coarse

← Too Fine

Just right !

# Certification: ASTM F2075

Magnetic tramp metal probe

## Tramp metals:

This is a test for pieces of metal like nails, staples and the like. The standard says that nothing larger than 1/2" (1.27cm) shall be detected in a typical 50 cubic yard pile.

## Heavy metals:

This is a test for hazardous metals :  
Antimony, Arsenic, Barium, Cadmium,  
Chromium, Lead, Mercury and Selenium.
